

## CALL FOR STAFF EXCHANGE under ERASMUS+ 2024-25

**Icam - Strasbourg-Europe Campus** would like to propose a call for Staff Exchange under the ERASMUS+ program. The following classes are available for this academic year:

| <b>Subject</b>                        | <b>Domain</b>          | <b>Period</b> |
|---------------------------------------|------------------------|---------------|
| <a href="#">English for Engineers</a> | Mechanical Engineering | May - 2025    |
| <a href="#">German for Engineers</a>  | Mechanical Engineering | May 2025      |
| <a href="#">Spanish for Engineers</a> | Mechanical Engineering | May 2025      |

Some of our teachers can share the class material. The kind of material available is specified below the content area. They could be for Lectures, Tutorials, Lab Sessions, or all material available.

| English for Engineers – Language Department<br>(EC02-Ang) |  |                    |                            |
|---|--|--------------------|----------------------------|
| <b>Duration</b>   | 2 to 4 days  | <b>Total hours</b> | 10.5 h- Lecture / tutorial |
| <b>Level</b>  | 1st Year (BSc)   | <b>Language:</b>   | English                    |
| <b>Desired period</b>                                     | From: May 19 to May 23, 2025   |                    |                            |
| <b>Course content</b>                                     | The Technical English class is designed for 1st year engineering students in order to broaden their technical vocabulary in English. The objective is the teaching of mechanical engineering vocabulary equivalent to a Bachelor level. The class could be seen as an introduction to this vocabulary taught by an Engineer.<br>A teacher of English with experience in this field is welcome. |                    |                            |
| <b>Course sharing</b>                                     | <input type="checkbox"/> All <input type="checkbox"/> Lecture <input type="checkbox"/> Tutorial <input type="checkbox"/> Lab sessions <input checked="" type="checkbox"/> None   |                    |                            |
